CONGRESS CENTER  
TOURS - FRANCE  
[www.france-bioproduction.com](http://www.france-bioproduction.com)

## 19<sup>th</sup> & 20<sup>th</sup> March 2025

During two days, the goal is to gather more than 350 industrial decisions makers and R&D actors from the public and private sector to talk about key challenges in Biomanufacturing and bring to light current industrial needs.

**20**  
Conferences

**4**  
Round Tables

**14**  
Workshops

**+10 h**  
For Networking

**70 Exhibitors**

Located in the center of the catering & networking area

### First Day

End the day with a Premium Conference led by an international expert, followed by an exclusive cocktail evening for high-quality networking.

**1**  
Startup Pitch  
Contest

**1**  
Pitch Session:  
5 Startups

**2**  
Days

**+700**  
Attendees

### Conferences & round tables

Animated by key opinion leaders of the field and selected by the programming committee.

### Sponsored Technical Workshops

Based on feedbacks and expertise sharing in a format that encourages interactions to highlight cutting-edge innovations.

### More than 10 hours of Networking

Meet with your leads. Visit exhibitors located in the center of the catering & networking area.

**1**  
Premium  
Conference

**1**  
Cocktail Dinner

### Second Day

Pitch session: 5 deeptech startups in biomanufacturing.

## From 1<sup>st</sup> March to 15<sup>th</sup> April 2025

swappcard

One single app ([see page 10](#)) that allow you to ::

- Manage your profile and agenda,
- Showcase your company with dynamic energy,
- Access the list of participants and exhibitors, interact with them via private message and organize your BtoB meeting schedule.

**BtoB**  
meetings

**45**  
days

## **Highlight Your Activities and Expertise**

Boost the visibility of your activities by showcasing your expertise and leading engaging workshops. This is the perfect opportunity to demonstrate your leadership and stand out as a key player in the bioproduction field on the Exhibitor area;

## **Align Your Brand with Cutting-Edge Themes**

Associate your brand with bioproduction and more broadly biopharmaceuticals to gain high visibility among a large audience: decision-makers and leaders in the biopharmaceutical industry, as well as in higher education and research institutions. Strengthen your positioning as a pioneer of innovation.

## **Expand Your Strategic Network**

Access exclusive networking opportunities with key players in the bioproduction and biotesting markets. Take advantage of B2B meetings to establish strategic connections, enhance your partnerships, and pave the way for new, fruitful collaborations.

## **Participate in the Future of Bioproduction**

Get involved in shaping the future of bioproduction and addressing the challenges of biotherapy biotesting. Actively contribute to industry advancements and position yourself as an essential player in the next generation of biopharmaceutical solutions.

## **Become partner / sponsor of our events!**

Customized sponsorship packages can be designed according to your specifications.

**Grow your business around the  
Bioproduction & Biotesting Challenges  
within the POLEPHARMA / MEDICEN Networks!**

**Take advantage of the DUO offer to MAXIMIZE the visibility and impact!** (see page 12)

## SESSION A Ateliers Techniques

11<sup>h</sup>45

### Atelier #1 - Le Machine Learning pour le suivi de cultures cellulaires en bioréacteur

Sandra Aubert, Data Scientist et responsable formation, *Oradlys*  
Lida Garcia, Field Application specialist - Bioreactor Technologies, *Sartorius Stedim Biotech*

### Atelier #2 - Vers l'excellence en Bioproduction : Clinique, Scale-up et Innovation, retour d'expérience de Smart Immune et de ThermoFisher Scientific

Julia Braunmüller, Responsable des Affaires Scientifiques et Techniques, *ThermoFisher Scientific*  
Sébastien Oster PharmD, Responsable du développement pharmaceutique, *Smart Immune*

### Atelier #3 - De la R&D à la bioproduction, un nouveau modèle pour un accès au médicament plus rapide : Retour d'expérience Servier sur un plateau d'insourcing au service de la performance R&D

Vincent Philibert, Directeur Stratégie QP *Pharma*  
Elodie Nasica, Director Head of Research Support, *Servier*  
Carline Legal, Senior Business Manager, *Reli Life Sciences - G' Group Holding*

### Atelier #5 - Approche PAT pour la surveillance en temps réel des bioprocédés avec le nouveau 2060 Raman Analyzer de Metrohm

Mathieu Jourdain, Chef de produits spectroscopie, *Metrohm France*

### Atelier #6 - Challenges and benefits of implementing intensified and continuous upstream processing strategies

Animé par David Babuena, Business Development Director, *IFB Biomanufacturing*  
Gabriel Piscano, Innovation Development Engineer, *IFB Biomanufacturing*  
Max-Olivier Broquet, Manager of Field Application Specialists Fluid Manager Technologies & Bioreactor Technologies, *Sartorius*  
Gilles Valadier, Bioprocess Account Manager France, *Repligen*

### Atelier #7 - Supply chain des biomédicaments : enjeux et solutions technologiques

Benoit Pinteu, Co-Founder & Responsable Scientifique, *Berus Pharma*  
Frédéric Malboze, Directeur Général, *Crespharm Bioservices*

## PROGRAMME\* - Mercredi 03 avril 2024

## SESSION B Ateliers Techniques

16<sup>h</sup>30

### Atelier #8 - Comment renforcer la collaboration pour réduire l'empreinte carbone à l'échelle industrielle ?

Thibault Renaud, Sustainability supply Chain Leader, *Gyva*

### Atelier #9 - Regards croisés sur 2 solutions innovantes au service de la bioproduction :

- Nestor l'automate facile à utiliser et abordable pour le scale-up en environnement R&D
- Cellquest pour la production industrielle de biothérapies

Julien Maruotti, CEO, *Cellavor*  
Guillaume Wallart, Président, *Cellquest*

### Atelier #10 - Intensification des Procédés en France : Justification, Stratégies et Perspectives

Christophe Dufosse, Strategic Marketing Manager in Next-Gen Bioprocessing, *Alexis*  
Alexandre Laly, Technical Applications Consultant for Emerging Biotech, *Alexis*

### Atelier #11 - Remplissage aseptique de petites séries sous isolateur pour les MTI : état de l'art et cas d'usage

Tony Donolato, COO, *SalamanderU*  
Claude Dedry, Directeur général, *SalamanderU*

### Atelier #12 - Improve the end to end management of your bioproduct waste throughout the clinical supply chain

Sabrina Ioudarene-Benni, Life Sciences Portfolio Delivery Lead, *Copgemini Engineering*  
Ceciline Michelletti-Candau, Lead Engineer - Pre-Sales Office, *Copgemini Engineering*

### Atelier #13 - Plan de continuité d'activité : n'oubliez pas de sécuriser le stockage de vos ressources biologiques !

Elodie Millerot, Business Developer, *BIOXYO*  
Nicolas Demoues, Business Developer, *BIOXYO*

### Atelier #14 - Exploitation des données biologiques (transcriptomiques) pour l'amélioration des bioprocédés, cas d'usage et potentiel

Charles Hubert, CEO, *GenSensar*  
Ophélie Jouffroy, Data Scientist, *GenSensar*  
Anne-Sophie Gary, Principal Scientist, *GenSensar*
